BOOKING YOUR DJ

From the moment you get in touch we make the process as simple as possible. We like to meet face-to-face to discuss your wedding with no obligation or pressure to book. It's important you make the correct decision so we will never rush you.

Call us on 01224 895895

STANDARD PACKAGE

Our standard package is a beautiful setup for any wedding. It includes the following:

- Starcloth disco front
- Sound system suitable to the size of your venue
- Two lighting effects
- DJ play out system
- Professional experienced DJ

PLATINUM PACKAGE

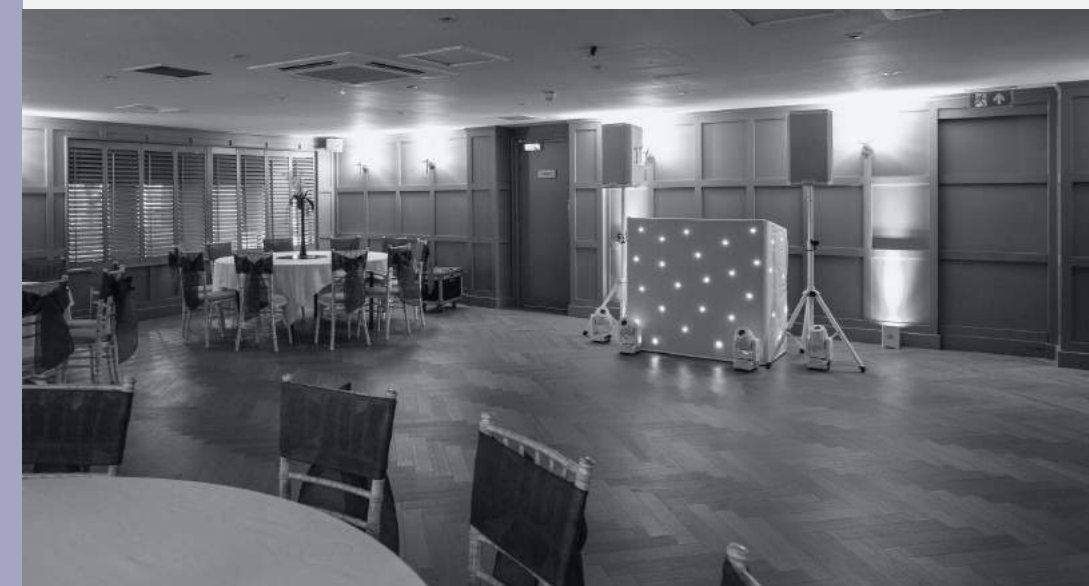

A step up from our standard package, this package includes all the items of our standard package and an extra four lighting effects and a TV setup.

- Starcloth disco front with display screen
- Sound system suitable to the size of your venue
- Six lighting effects
- DJ play out system
- Professional experienced DJ

WHITE PACKAGE

Our White Package is similar to the Platinum Package in terms of setup, but all the equipment is wedding-white making it look even more spectacular. This White Package really complements certain venues and it looks the part, especially at weddings.

- White Starcloth disco front with White TV
- White Sound system suitable to the size of your venue
- Six lighting effects in white
- White DJ play out system
- Professional experienced DJ

CUSTOM PACKAGE

Tell us what you'd like from your big day and we can customise a bespoke package to suit your individual needs. All you need to do is get in touch to discuss the details and we'll build your perfect set-up.

LIGHTING PLINTHS

Add lighting plinths to any package for that added wow factor. This truss setup is matched with your package with lights inside it and on top. We can match the lights inside to your colour theme. They really lift the look of your disco setup to a whole new level.

MOOD LIGHTING

- Indoor

Our wireless uplighters can add a splash of colour to your event. Perfect for adding to the ambiance. They create a beautiful wash of colour to walls and are a great way to add your own special touch to your venue.

- Outdoor

Light the outside of your venue or marquee. We can illuminate walkways, features or the entire outside of the venue. Weather is not a problem for our fully waterproof lights.

ANIMATED NAME PROJECTION

A custom designed wedding monogram can add a real wow factor and is the perfect way to further personalise your venue. We work with you to design your perfect monogram including your own text, normally your names. On the day, we use a high power projector to display this on the wall of your venue...it looks amazing and your guests will never forget it.

STAGING

Staging is ideal for raising your band, DJ or top table. We have different sizes and styles available, and we are always happy to advise on what would best suit your event.

THE ALL-DAY WEDDING PACKAGE

CEREMONY MUSIC

Your wedding ceremony is going to be the most emotional and intimate part of your day.

Asking us to produce and play the wedding ceremony music takes away the stress and responsibility of asking a family member or friend. This avoids common mistakes by inexperienced operators, and ensures your choices of music are correctly played during your big moment. In this way, everyone can enjoy your ceremony fully.

We meet before your big day, listen to your music choices and together decide the best places to start and stop the music for maximum impact.

We can provide a discreet sound system for this, along with microphones if required.

DRINKS RECEPTION MUSIC

Your drinks reception music choices should reflect the mood you want. After the wedding ceremony or service, people gather for photographs and chat as drinks and canapés are served, usually outside if the weather is good. This is a great opportunity to set the mood by making the right choices for the music.

WEDDING BREAKFAST MUSIC

Let us create a unique and personalised playlist for you and your guests. We'll provide a very high quality but discreet sound system so that your music choices are played at the right volume for all to enjoy. We will produce a background music playlist based on your choices of music, reflecting your tastes. In the same way as the drinks reception, the mood can be set simply by selecting the appropriate type of music.

BIG LETTERS

We have a number of options for big letters to add to your package. Our scrabble letters can add a fun and unique touch to your wedding, and can be on display during the ceremony and/or reception. They can display LOVE or I DO.

Our Light Up Letters can say anything you want for example 'MR & MRS' and 'LOVE' (limited to letters, numbers and '&')
Light up letters are available in WHITE or RUSTIC.

LED DANCEFLOOR

Our starlit LED DANCEFLOOR is a magical addition to your DJ package. This will look amazing for your first dance, the floor sparkling as you and your partner share that special moment.

STAGING

Staging is ideal for raising your band, DJ or top table. We have different sizes and styles available, and we are always happy to advise on what would best suit your event.

CHERRY BLOSSOM TREES

Our cherry blossom trees make a fantastic centre piece for your wedding ceremony or evening reception. Newly added to our hire stock, these trees are truly spectacular.

DANCING IN THE CLOUDS

Our low lying 'dry ice' effect creates a magical look perfect for your first dance. This is perfectly safe as it hugs the floor creating a perfectly dreamy moment for your first dance.

CANDELABRA

Available in silver and white. Our candelabra are 80cm tall (not including candles). Each Candelabra holds 5 candles and we can include LED candles or real candles. They are a perfect table centrepiece.

SCREEN HIRE

Video can add so much value to your special day. We can display videos and pictures and even design special media for you to show. It will add that extra personal touch to your event. We can play a feature video, with sound, which has been very popular during wedding speeches of late.

Other things that can be displayed include a live dance floor feed and a live twitter feed with a custom hashtag.

We have TVs, Projectors and LED Video walls available and can provide expert advice as to what option is most suited to you.

BACKDROPS

Backdrops can totally change the look and feel of your venue. Perfect for the top table, the end of your aisle or as a photoshoot backdrop. Our STAR CURTAINS available in many sizes add a sparkle to your room, while our FLOWER WALL is an amazing instagrammable event centrepiece.
